CELEBRATED

## PREMIUM HOT-AIR FURNACES.

These celebrated Furnaces, which have stood the test of more than fourteen years, are now offered to the public with very recent improvements, which render them unrivalled in all the qualities which constitute a perfect Furnace. The Fire Pot is cast with elongated cones running into the Air-Chamber, which insure its durability and make it vastly superior to other pattern fire-pots. A new mode of retaining the heat in the Air-Chamber, and securing a larger radiating surface than formerly, has been invented, and an arrangement to remove the ashes from the radiator, without entering the Furnace or disturbing the brick work, has been adopted.

More of these Furnaces than of any other kind, have been put up in this city and vicinity, and are giving unrivalled satisfaction.

ALSO, FOR SALE, an extensive assortment of new and beautiful pattern Liverpool, Berlin and other **GRATES**, together with an extensive variety of **COOKING RANGES**, **PARLOR**, **OFFICE**, and **COOKING STOVES**, **VENTILATORS**, &c.

THE Directory makes its appearance this year under favorable auspices. An unusually large number of changes, however, have occurred in the business sections, by which, with the numerous additions, our labors have been considerably increased.

Our efforts have principally been directed to perfecting the list of names, and it is believed this part of the Directory has been greatly improved. It is our aim to make the Directory a valuable and faithful index to the increasing enterprise of the city.

The re-publication of the first Boston Directory, is the principal new feature presented in this volume, and will give to it an additional interest.

Valuable aid will be derived, in perusing the work, from the copious List of Contents, to which the reader is referred.

The last volume was numbered XL, which was supposed to be the correct number; but it has since been ascertained that forty-seven editions have been published previously to the present. This volume is therefore the XLVIIIth.

The extent of ground is about the same as Mount Auburn, and enclosed with a chestnut fence about seven feet high. The gothic gate-house and lodge at the entrance, the ponds and fountains, the tower and receiving tombs, are worthy of notice. Lots are conveyed in fee simple, and are not subject to taxes or attachment, or to any assessments.

The best mode of reaching Woodlawn is by Chelsea Bridge or Ferry, and Washington Avenue, passing the Carey and Carter farms. The distance is four miles from Boston, and two miles from Chelsea. This is the shortest but most hilly route. By taking the Malden road, so called, the hills are avoided, without much increase of distance. An Omnibus leaves City Hotel, Brattle Street, for Woodlawn, at 2½, P. M., daily, and returns at 5 o'clock, after remaining at the Cemetery an hour and a half.

# APPENDIX.

THE list of streets, courts, and places, will be found complete. In many cases the numbers in the streets at which another street begins and terminates, are indicated. This information will be found of essential value, and will answer the purpose of a more detailed *Street Directory*.

Some changes in the names of streets have been made the past year. The name of Shawmut Avenue has been substituted for that of South Suffolk Street; the name of North Street has been substituted for that part of the street heretofore known as Ann Street which extends from Dock Square to North Square; and the name of Myrtle Street now includes the street formerly called Zone Street. There are several duplicate names of streets, courts, and places. The evil of several streets bearing the same name must be apparent, and ought to be remedied.

The numbers in many of the streets are very irregular, which is found to be a great inconvenience and annoyance. In many of the streets, however, this evil has been removed, the city having adopted a thorough and systematic plan of regulating the numbers, and taken effective measures for carry the same into operation. This has met the general approval of the citizens. It is undoubtedly the design of the government to continue the reform of regulating the numbers in the streets until the evil now experienced is entirely remedied.

The following streets have been re-numbered during the last year, viz. :

Ann	Essex	Merrimac	Shawmut Avenue
Ash	Federal	Middlesex	South Margin
Bradford	Groton	Minot	Spring
Cambridge	Grove	Myrtle	Sudbury
Carver	Hamburg	Nashua	Suffolk
Cross	Joy	North Margin	Tremont
Eaton	Kingston	Norwich	Tyler
Emerald	Leverett	Prince	Union
Endicott	May	Salem	

It has been shown that the numbers of the streets can be regulated with comparative ease, and without the difficulty at first apprehended. The reform so successfully begun should be vigorously prosecuted to meet the wants and wishes of the public.

 Wood's, Charles, near May street

The Harbor of Boston accommodates an immense shipping. The number of wharves enumerated is 118, yet there are nearly 100 docks and small wharves not mentioned. We here give the *length* of some of the principal wharves: *India Wharf*, 980 feet; *Central Wharf*, 1,379 feet; *Long Wharf*, 1,800 feet; *Commercial Wharf*, 1,100 feet; *Union Wharf*, 640 feet. Lewis and Eastern Railroad wharves are also of large dimensions.

The city proper possesses superior advantages for commercial enterprise. With the accommodations afforded at East Boston, for ship building and repairing, the wharves of the Grand Junction Railroad Company, and the extensive but yet undeveloped resources of South Boston, the city possesses the natural maritime facilities for an almost unlimited commerce.

## CITY LAWS AND REGULATIONS.

### APPOINTMENT OF ASSESSORS.

There shall be chosen annually in March, by concurrent vote of the two branches of the city government, seven assessors. Four of these shall devote their whole time to the service of the city. The remaining three, who are to be elected by a separate ballot, will devote only a part of their time to the duties of their office. Their compensation, while going through the wards, will be \$4 per day; and for other services, \$3 per day.

### ASSISTANT ASSESSORS.

Twenty-four assistant assessors shall also be chosen, two from each ward, and they shall receive for their services, such compensation as the City Council may determine. The assessors and assistant assessors organize by the choice of a chairman and secretary.

### DUTIES.

It shall be the duty of one or more of the assistant assessors, with one or more of the assessors, to visit the different estates in their respective wards, and to assist in taking a list of the polls, in estimating the value of personal property, and in appraising the value of real estate.

### TIME OF ASSESSMENT.

On the 1st of May the assessors and assistant assessors commence visiting the residences and places of business of the citizens, for the purpose, 1st, of obtaining a correct list of legal voters; 2nd, of estimating the value of personal property; and 3d, of appraising the real estate.

In 1846 the tax was \$6 on \$1,000; in 1849, \$6.50 on \$1,000. The poll tax is \$1.50.

### PROPERTY ASSESSED.

The assessors shall assess, upon the owners of real estate, lying within the city, the amount of taxes for which such real estate may be taxable; provided that, in any case where the assessors may deem it to be more for the public interest to assess the tenant or occupant, instead of the owner, they may so assess such tenant or occupant; and provided, also, that nothing herein shall affect the rights which owners and tenants may have respectively, by reason of any agreement made between themselves concerning such taxes.

Transfers may be made of assessments made upon persons not owning real estate, with which they may be assessed, to the persons who owned it at the time of assessment.

### QUALIFICATIONS FOR VOTING.

To vote in the city, a man must be a citizen

twenty-one years old, have resided in the State one year, and in the city six months previous to any election; must also have paid a tax bill assessed within two years, and have his name recorded on the voters' list, at the City Clerk's office, City Hall. If his name is on the check list, with a portion of it omitted, he is disqualified for voting. The information about property and the full names should in all cases be freely given to the assessors, as by so doing great inconvenience will often be prevented, both to the government and to the individuals. A foreigner cannot vote until he has taken out his naturalization papers, to do which he must have been in the country five years.

### LIABILITY OF PARTNERS AND HEIRS.

Each partner is liable for the whole tax of his firm. Each heir is liable for the whole tax assessed to the heirs of an undivided estate. All taxes on real estate are a lien on the estate.

### ABATEMENT OF TAXES.

To obtain an abatement of tax, good reason must be given to the assessors. To prevent errors in tax bills, citizens should render to the assessors a true account of their property before the first of August. Abatements of taxes, which shall be at any time allowed, shall be recorded by the assessors, and the record thereof shall contain the names of all person whose taxes shall be abated in whole or in part, with the amount originally assessed, and the amount of abatements. The reasons for abatements shall be stated on said record, against the name of each person whose tax shall be abated; and this record shall be laid before the City Council, annually, on or before the fourth day of March. The city clerk is instructed to inform the assessors of all abatements made by the Mayor and Aldermen, at the time they are made.

### PAYMENT OF TAXES.

It is the duty of the assessors to make out and deliver to the treasurer and collector, tax bills for all taxes assessed on all persons and estates, on or before the first day of October. The city treasurer and collector shall immediately issue the tax bills, and if they are not paid within *thirty days* thereafter, he is required by a State law to issue a summons to each delinquent person assessed; and if such person shall not pay his taxes within ten days after the receipt of such summons, or after the service thereof upon him in the usual form, the treasurer shall issue his warrant for the collection of said taxes according to law.

## CITY REGISTRAR.

ARTEMAS SIMONDS, REGISTRAR. Salary, \$1,200. Clerk hire, \$850.  
Office, City Building, 21 Court Square.

### BIRTHS, MARRIAGES, DEATHS.

An ordinance was passed in 1849, providing for carrying into effect in this city the laws of the State relating to Births, Marriages, and Deaths. The office of Superintendent of Burials was abolished, and that of *City Registrar* created in its stead. The Registrar is chosen in February or March, by the concurrent vote of the two branches of the city government. All births, marriages, and deaths, which take place in the city, are now required to be returned to this office, to be recorded, with such particulars in regard to each as the law requires.

It is important that this law should be strictly carried into effect; to the public, that the health and condition of the population may be known; and to every individual, that evidence may be furnished by the records of the three great events of life, the birth, the marriage, and the death. Great personal inconvenience and pecuniary loss have often arisen from want of this evidence.

#### BIRTHS.

Notwithstanding the law explicitly requires that parents make the requisite returns, yet but few have hitherto complied with it. The Registrar, therefore, was authorized to cause the city to be canvassed for the purpose of collecting the necessary facts. Mr. George Adams, publisher of the Boston Directory, is entrusted with this work. This year the city was canvassed in May, and will be again in January next, in order to collect the number of births in 1852.

From the annual report of the City Registrar in January last, we gather most of the following statements:

During the year 1851, five thousand three hundred and thirty-eight births have been registered, namely, 2,788 males and 2,550 females; children of 1,757 American fathers and 1,805 American mothers; and of 3,392 fathers and 3,372 mothers of foreign birth; the nativity of 149 fathers and 121 mothers being unknown.

#### MARRIAGES.

During the past year the intentions of marriage of two thousand nine hundred and fifty-three couples have been entered, and certificates issued; namely, 1,382 male and 1,366 female Americans; and 1,571 males and 1,587 females, natives of foreign countries.

Two thousand eight hundred and sixty-three marriages have been recorded, the parties being in about the same proportion as to their origin.

It is satisfactory that there has been a commendable improvement in making returns for registration by Clergymen and Magistrates. Still some have been tardy, and it is believed that a considerable number of marriages, even of last year, are not registered. Delinquents in this matter should understand not only that they are liable to a severe penalty for each neglect, but that innocent parties often suffer serious inconvenience from such omission. The records are often examined to prove marriages and legitimacy, for the benefit of widows and heirs.

When the male party to a marriage resides in one town or city, and the female in another, the intention should be entered and a certificate obtained in each. Clergymen may perform the marriage ceremony, the intention having been duly entered, either in the places where they reside or where one or both parties reside; but a Suffolk Clergyman has no legal authority to marry in Berkshire, parties belonging to Suffolk or Worcester.

No certificates of intentions of marriage are issued from this office, unless one or both parties are described as dwelling here.

#### DEATHS.

Three thousand eight hundred and fifty-five deaths, which occurred within the limits of the City, have been registered; namely, 1,966 males and 1,889 females, 1,723 being of American, and 2,122 of foreign origin, as nearly as can be ascertained.

### HEALTH REGULATIONS.

The department relative to the interment of the dead is placed under the superintendence of the City Registrar.

The City Registrar is authorized to give licenses for burials, by Funeral Undertakers only, and for the removal of dead bodies from the City for interment.

No person shall inter or cause to be interred any dead body, and no person shall remove or cause to be removed from the City, for interment, any dead body, without having first obtained a license from the City Registrar.

No person not appointed a Funeral Undertaker by the Mayor and Aldermen, shall undertake the management of any funeral.

Funeral Undertakers are not allowed to dig or open graves in the City proper, and no dead body shall be buried in South Boston or East Boston, in a grave less than three feet from the top of the coffin to the surface of the surrounding ground.

Penalty for violations of the Ordinance in any of its particulars, from five to twenty dollars and costs.

Further information in regard to interments, in or out of the City, Undertakers' fees, and use of funeral cars, may be obtained at the City Registrar's Office, Court Square, and of the licensed Funeral Undertakers of the City.

(For Undertakers, see Business Directory.)

THE QUARANTINE BOAT is in the service of the Port Physician. She is used as a boarding boat, and visits all vessels subject to the quarantine regulations.

**EXTRACT FROM A CITY ORDINANCE.**

Whenever, upon due examination, it shall appear to the Mayor and Aldermen, that the number of persons occupying any tenement or building in the city, is so great as to be the cause of nuisance and sickness, and the source of filth; or that any tenement or building is not furnished with vaults, constructed according to the provisions of a city ordinance, and sufficient privies, and drains under ground, for waste water, they may thereupon issue their notice, in writing, to such persons, or any of them, requiring them to remove from and quit such tenement or building, within such time as the Mayor and Aldermen deem reasonable. And if the person or persons so notified, or any of them, shall neglect or refuse to remove and quit such tenement or building, within the time mentioned in such notice, the Mayor and Aldermen are hereby authorized and empowered thereupon, forcibly to remove them; and such person or persons shall further be liable to a penalty for such neglect or refusal.

**HEALTH REGULATIONS.****VAULTS, &c.**

Owners or agents of any tenements used as dwelling houses, shall furnish them with suitable drains and privies. Vaults may be connected with common sewers, by permission of the Superintendent of Sewers.

## ALIEN PASSENGERS.

JOTHAM B. MUNROE, SUPERINTENDENT FOR THE PORT OF BOSTON.

Salary, \$1,500. Office, 59 Long Wharf.

### REGULATIONS.

The laws of 1848 and 1850, in relation to Alien Passengers, being somewhat stringent in their operation, the last Legislature deemed it advisable to change or modify some of their provisions for the better protection of the Commonwealth. The following amendment was made concerning Alien Passengers.

The fifth section of the act entitled "An Act concerning Alien Passengers," approved on the tenth day of May in the year one thousand eight hundred and forty-eight, is hereby amended so as to read as follows:

If on examination there shall be found among said passengers any lunatic, idiotic, deaf and dumb, blind, or maimed person, no such person shall be permitted to land until the master, owner, consignee, or agent of such vessel shall make and deliver to said Superintendent a bond to the Commonwealth, with satisfactory sureties in the sum of one thousand dollars, conditioned that such passengers shall not within ten years from the date of said bond, become a city, town, or State charge within this Commonwealth. And in respect to every other of said passengers, the said Superintendent, before he shall be permitted to land, shall require a bond, secured as aforesaid, in the sum of three hundred dollars, conditioned that such person shall not become a charge as aforesaid within five years from the date of said bond; *provided*, however, that in lieu of the bond lastly above-mentioned the said Superintendent may receive from said master, owner, consignee or agent, such sum as in his judgment shall be sufficient to cover the risk incurred by the Commonwealth in permitting such passenger to be landed; and thereupon permit such passengers to be landed, *provided* that the sum so to be paid shall in no case be less than two dollars; and the names of all such passengers shall be certified by said Superintendent on the back of the report; *and provided further*, that if any passengers so arriving as aforesaid are so sick or destitute as to require relief, and if said master shall refuse to report them, or if said master, owner, consignee or agent shall refuse to give such bond as is herein required, the said Superintendent may permit them to be landed, and in such cases any city or town that shall be put to any expense for the support, sickness, or burial of any such passenger, within ten years of the time he has so landed, may maintain an action of debt against said master, owner, consignee, or agent, and recover all expenses incurred as aforesaid; and said commanding officer, owner, consignee, or agent, shall be liable to the penalties provided in the tenth section of this act.

Masters shall, within twenty-four hours after arrival, furnish to the Superintendent a list of the names, sex, occupation, condition, &c., of each passenger. No passenger shall be landed until such report shall have been made, and the proper examination made by the Superintendent.

Pilots and Masters of Vessels arriving with steerage passengers from Europe, are to anchor such vessels to the southwest side of Deer Island, until an inspection is made, and a permit given. No persons, except those allowed by law, will be permitted to go on board until the vessel is fully discharged by the proper officers.

Vessels arriving from any other ports with Alien Passengers on board must anchor to the eastward of the lines prescribed for the regulation of Boston Harbor, and there wait an inspection.

Masters of Vessels will greatly facilitate business by having a correct list of all the passengers before their arrival in port.

### ALIEN PASSENGERS AND STATE PAUPERS.

*An Act to appoint a Board of Commissioners in relation to Alien Passengers and State Paupers was passed by the Legislature, 1851, which contained the following sections:*

SECT. 1. The Governor and Council shall, in the month of January, annually, appoint a member of the Council, who, with the Auditor of Accounts of the Commonwealth, and the Superintendent of Alien Passengers for the city of Boston, shall constitute a Board of Commissioners to superintend the execution of such laws as are now in force, or may hereafter be enacted in relation to the introduction of Aliens into this Commonwealth, and the support of State Paupers therein.

SECT. 2. The Commissioners shall have authority to appoint one or more persons, whose duty it shall be to visit, at least once in every year, all the almshouses or places in the Commonwealth, where State Paupers are supported, and ascertain, from actual examination and inquiry, whether the laws in respect to such Paupers are properly regarded, particularly in relation to such as are able to labor, or are but partially supported by the respective cities and towns; and, in case any infractions of the laws are discovered, make immediate report thereof to the Commissioners, who shall examine and decide upon all such cases, and thereupon notify the Auditor of Accounts. The Commissioners shall also give such directions as will insure correctness in the returns now required to be made in relation to Paupers, and may use such means as are necessary to collect all desired information in relation to their support.

SECT. 5. Any aliens or other persons who shall be brought into this Commonwealth as above specified, shall, if they fall sick, or from any cause become a public charge within one year after coming into the Commonwealth, be supported, so long as necessary, at the expense of said corporation or party by whose means they were brought into the Commonwealth, in the same manner as is now provided in regard to Alien Passengers by water; *provided, however*, that the party liable for support shall be notified of his liability, in any particular case, as soon as practicable, in order that he may, if so disposed, provide for other means of support or removal.

SECT. 6. The Commissioners shall annually, in the month of January, make a report of their doings to the Governor and Council, and shall therein make such suggestions in relation to the present or other plans for the support of Paupers, as may occur to them.

The undersigned, Commissioners authorized by law to carry the foregoing act into effect, respectfully give notice that the same will be enforced on and after June 23, 1851.

Every person or corporation bringing Aliens into the State, by railroad or other conveyances, as contemplated by the law in question, is requested to notice said law and comply with its provisions.

# FREE PUBLIC LIBRARY.

## OFFICERS FOR 1852-53.

### BOARD OF TRUSTEES.

Hon. EDWARD EVERETT, LL. D., GEORGE TICKNOR, LL. D., Hon. JOHN P. BIGELOW, NATHANIEL B. SHURTLEFF, M. D., THOMAS G. APPLETON, ESQ., and the Joint Standing Committee on the Public Library, consisting of His Honor, BENJAMIN SEAVER, (*ex officio*.) Messrs. SAMPSON REED, and LYMAN PERRY, of the Board of Aldermen, and Messrs. JAMES LAWRENCE, EDWARD S. ERVING, JAMES B. ALLEN, GEORGE W. WARREN, and GEORGE WILSON, of the Common Council.

EDWARD CAPEN, LIBRARIAN.

The city authorities of Boston, in the year 1843, received from the Municipal Government of Paris, about fifty volumes of valuable books, and in 1847 a further donation from the same city arrived, consisting of rare and useful works, relating to the internal police of France, general and local statistics and history, illustrated with engravings, making a collection of nearly a hundred volumes. In August, a Joint Committee was appointed by the City Council to consider what suitable acknowledgment could be made for so beautiful and valuable a donation, and to provide a proper place in the City Hall to keep the books in safety. In October, 1847, this Committee, through their Chairman, Hon. Josiah Quincy, Jr., made their report and introduced an order, which was adopted, that a Joint Committee be formed to consider the expediency of commencing the formation of a public library under the control and auspices of the City, with authority to receive donations for the same, either in books or money, in case one should be established, and with directions to report rules for its use and management.

His Honor, Mayor Quincy, at this time had been authorized to offer, and on the part of a public spirited citizen \* whose name was not disclosed, did offer, a donation of five thousand dollars to the Library whenever ten thousand dollars should be contributed to the same by other citizens. But, as the City Council had no authority to appropriate money for the support of a library, no further action was taken until, in January, 1848, they directed him to apply to the Legislature for power to establish, regulate, and control a library for the free use of the citizens of Boston. This power was granted March 18, 1848, with a proviso that no appropriation for any one year should exceed five thousand dollars; and the act was accepted by the City Council, April 3d, 1848.

Having obtained this power, a negotiation was entered into by the Mayor, with the Trustees of the Boston Athenæum, for the purpose of rendering it a Public Institution, so far as its Library was concerned. This resulted in the following votes of the Trustees and Committee on the Library.

At a meeting of the Trustees of the Boston Athenæum, August 14, 1848, it was

*Voted*, That to insure the increase and extend the advantages of the Boston Athenæum, the Trustees will recommend to the proprietors that they should give to the public the use of the Library, in as full a manner as it now is, or hereafter may be enjoyed by the shareholders, on the following conditions:

*First*, That, on or before the first day of December next, there shall be paid to the Treasurer of the Athenæum, or secured payable in one year from that date, with interest, the sum of fifty thousand dollars.

*Second*, That the City shall pay annually to the said Treasurer the sum of five thousand dollars, in quarterly payments; the rights of the public to cease on the discontinuance of the payments. It being understood, that, in case, and while the foregoing conditions are complied with, the management of the library of the Athenæum shall be confided to ten Directors, six of whom shall be chosen by the Trustees of the Athenæum, and four by the City Council; and that, in case the City shall within five years discontinue the payment aforesaid, then, on such discontinuance, there shall be created one hundred and fifty-six new shares, which shall be divided among the subscribers of the said sum of fifty thousand dollars, their representatives or assigns, according to the amount of their several subscriptions, in such manner as the Trustees for the time being shall judge to be equitable.

*Voted*, That an attested copy of the foregoing votes be transmitted to the Mayor of the City.

A true copy from the Records.

Attest: HENRI T. PARKER, *Secretary*.

Mayor's Office, Boston, Sept. 22, 1848.

At a meeting of the Joint Standing Committee on the Public Library, it was unanimously *voted*, That this Committee will recommend to the City Council the acceptance of the proposition of the Trustees of the Boston Athenæum, as soon as the assent of the proprietors of the Athenæum shall be given to the same.

JOSIAH QUINCY, JR., *Chairman*.

At a meeting of the proprietors of the Boston Athenæum held on the 24th of October, 1848, the Report of the Trustees and the vote of the Committee on the Library on the part of the City having been read, it was

*Voted*, That the whole subject be indefinitely postponed.

Had this plan been carried out, eight thousand dollars a year would have been added to the funds for the purchase of books, and the popular character of the Institution would have caused donations that would, without a doubt, have rendered it the largest, most valuable, and most useful library on this continent. The reasons were set forth in the report of the Committee, and were approved by a majority of the proprietors, but were rejected, as it was not thought right by a vote to alter the relations of the minority in their property in the Athenæum. This having failed, nothing further, except the appointment of a Committee annually, was done until August, 1850.

In 1850, two donations of great value were made to the Public Library; the one of a thousand dollars in money, by Hon. John P. Bigelow, on the 5th of August; the other on the 7th of August, by Hon. Edward Everett, consisting of a very complete set of the Documents of Congress, the Commons Journals and Index, in one hundred and eight folio volumes; the North American Review Complete, Public Documents of the United States, American State Papers, American Diplomatic Correspondence, Massachusetts Historical Society's Collections, and many other valuable works. These, with the Paris donations, form the basis of the Free Public Library, though we must not forget, in this connection, the presentation of many volumes by other citizens, and the acquisition of others by purchase.

Matters stood as above mentioned at the beginning of the present municipal year, when the Mayor, Hon. Benjamin Seaver, by a message, called the attention of the City Council to the subject. This document was referred to the Joint Standing Committee on the Public Library, who, in conformity with its recommendations reported, April 29th, in favor of choosing five citizens at large, who, with the Joint Committee, should constitute a Board of Trustees. They also recommended the immediate appointment of a Librarian, and the procuring of suitable rooms for the Library. The latter officer was elected on the 13th of May, and the Trustees on the 24th. The rooms are not yet provided.

Thus we have stated, as concisely as possible, the origin and progress of the Free Public Library. Public opinion from the first has been strong in its favor, and there is a disposition in the City Council to contribute to its permanent usefulness, as far as the state of the finances will permit. But it must mainly depend upon private munificence; and when we reflect that a beautiful building large enough to accommodate eighty thousand volumes was erected and presented to Brown University, by a distinguished citizen of Providence, Hon. Nicholas Brown, at a cost not exceeding thirty thousand dollars, when we recur to the history of the Boston Athenæum and its princely donations, and of Gore Hall, at Cambridge, and then turn to the names and the influence of those who are the promoters and well-wishers of this Institution, we cannot believe that it will long remain unprovided with ample accommodations.

\* Now understood to have been Mr. Quincy himself.

# V. B. PALMER'S AMERICAN NEWSPAPER AGENCY.

## OFFICES:

**BOSTON:** Scollay's Building, Court Street.—**NEW YORK:** Tribune Buildings.  
**PHILADELPHIA:** N. W. corner of Third and Chestnut Streets.

**Affords every facility for the transaction of business with the best and most widely circulated Journals of all the Cities and principal Towns in the United States, British Provinces, &c., &c.**

THE AGENCY presents a convenient and complete opportunity for publishing Advertisements in any number of the best and most widely circulating Newspapers of the different cities and towns throughout the whole country, at the publisher's lowest rates, with the least possible trouble to advertisers, and with the greatest despatch.

By this method the advertiser is spared the labor of corresponding with the several papers, the expense of postage, and much time and perplexity in the settlement of bills. Besides this, he can know when his account is settled, and no apprehension need be entertained of the too common annoyance of bills being presented, after having been once paid.

Through the Agency a circumspect and discriminating choice of places, and the best selection of papers can be had, suitably adapted to various business pursuits—enabling persons to advertise judiciously, effectively, and safely.

Copies of the best Newspapers in the United States may be seen and examined at the Agency, their respective merits understood, and a complete system of advertising adopted, upon either a large or small scale.

Advertisements are carefully and skilfully written, without charge, for those who are not experienced in the art—and improvements suggested in such as are written by unpractised hands.

A single copy of an advertisement only is required, from which a sufficient number are printed in such style as advertisers wish to have them appear in the papers, which insures correct insertions.

Copies of papers containing advertisements are forwarded to advertisers, and all requisite information given.

A list of places, papers, terms, and prices, may be had at the Agency, without charge.

The Agent is authorized to make contracts, and his receipts are regarded by the proprietors as payments. His long experience and extensive agency qualify him to impart valuable practical information.

As he has no connection with any other person, orders should be directed to V. B. PALMER.

The Agent believes that the material affairs of business transactions must be aided and sustained by a proportionate exercise of intellectual energy; and that this intellectual energy should keep pace with the facilities by which the material affairs of business are advanced. Every one is now obliged, if he would keep pace with the times, to aid his physical exertions in trade, or whatever business he may be engaged in, by due recourse to those means by which his business, trade, or profession, may become generally known. This is the intellectual part of his business, and the press is the medium through which it must, at the present day, be developed. Newspapers, now-a-days, are diffused far and wide; they are read by all, and are the vehicle by which men and establishments become generally known. As yet, this engine of intelligence has not attracted attention commensurate with contemporary improvements, simply because the material of business is more palpable and tangible; but the power of the press will yet be acknowledged as equal to that of steam for the furtherance of business enterprise.

☞ To Public Institutions, Reading Rooms, Clubs, &c., as well as to individuals, in all parts of the world, the Agency presents a convenient, safe, and ready means of subscribing for the best Journals of the Union, advertising in any number of the most desirable business Newspapers, and obtaining valuable information.

Remittances may be made from any section of the country, with entire assurance that all orders will be faithfully and promptly attended to. Address V. B. PALMER, Newspaper Agent, BOSTON: Scollay's Building, Court Street.—NEW YORK: Tribune Buildings.—PHILADELPHIA: N. W. corner of Third and Chestnut Streets.

## NOTICES OF THE PRESS.

### V. B. PALMER'S NEWSPAPER AGENCY.

This old established agency continues to enjoy the full confidence of the press and the public. Whatever is intrusted to Mr. P. or his agents, is promptly attended to, and, as the press is under very great obligation to him, we are happy to know that he is enjoying the unlimited confidence, as he deserves the good wishes of those whom he has so long and so faithfully served.—*Albany Evening Journal*.

From an intimate acquaintance with Mr. Palmer, we are prepared to say that any business connected with the Agencies which he advertises, will be both promptly and honorably transacted. In the matter of Newspaper Agencies, he has reduced the business to such an admirable system that all parties can hardly fail to be satisfied.—*New York Daily Tribune*.

Palmer's enterprise, accompanied as it is with untiring industry, clear-sightedness, indomitable energy, and unwavering perseverance, deserves the reward which we have never doubted he would eventually receive.—*Phila. Ledger*.

Mr. Palmer has, by dint of great energy and indefatigable industry, succeeded in organizing this agency, and accomplishing, by means of it, objects that were deemed altogether chimerical when it was first commenced. His success has raised up a number of imitators, who now advertise News-

paper Agencies in the Eastern cities. Mr. Palmer is no way connected with any of these. Having the most unlimited confidence in his capacity and integrity, he is fully authorized to make all necessary contracts as agent for this paper. We wish it to be distinctly understood, that we have no other agent in any of the cities of New York, Philadelphia, or Boston, and that all inquiries relative to such contracts, coming from these cities, even although directed to ourselves, will be referred to his agency.—*Louisville Democrat*.

Mr. Palmer is, we believe, entitled to the credit of originating and establishing, upon a general scale, in this country, this new and important public convenience, and we doubt not that its advantages will be duly understood and appreciated, and the enterprise by which they are afforded fairly rewarded.—*Baltimore Sun*.

We commend the old and well-established agency of Mr. V. B. Palmer. His business relations extend to nearly the entire press of the country.—*Buffalo Courier*.

V. B. Palmer is our only authorized agent in Boston, New York, and Philadelphia, and we shall not accept of any advertisements coming from other persons. We would here say to —, of —, if he will pass his advertisement into our agent's office, and he says it is "all right," we will insert it according to order. If not, do not trouble us again.—*Elmira (N. Y.) Democrat*.

## CAUTION TO THE PUBLIC.

☞ To prevent imposition by pretending and unauthorized persons, who infest some of the Atlantic Cities, many of the best papers in the United States and Canada have repeatedly given notice that V. B. PALMER is their only authorized Agent. The papers are on file at the Agency, and contain the following notice:—

"V. B. PALMER, the American Newspaper Agent, is the only Authorized Agent for this paper in the Cities of Boston, New York, and Philadelphia, and is duly empowered to take Advertisements and Subscriptions at the same rates as required by us. His receipts will be regarded as payments."

MEDFORD BRANCH RAILROAD.

Trains run to and from MEDFORD, a distance of 5 miles, seven times a day each way. Fare, 15 cents. Time, 15 minutes. Season Tickets, \$30 a year. This is a beautiful village, and a desirable place for summer residence.

ADVANTAGES OF A RESIDENCE ON THIS ROUTE.

Somerville, Medford, Malden, Melrose, South Reading, and Reading, towns within the range of the special, as well as the longer trains, possess many advantages for country residences, either through the warm season or the whole year, not exceeded by those of any other towns in the vicinity of Boston. The cheapness of the fare, the number of trains, both early and late, in connection with the convenient depot in Boston, render this railroad a desirable channel of intercourse between the city and country. That the advantages of these places are appreciated is evident from the increasing demand for residences on this route, the demand for house lots, and the steady rise in the value of the land.

The Fare is five cents extra when paid in the cars.

Special Train Tickets are strictly confined to Newton, Saxonville and Milford Trains.

Persons holding Special Train Season Tickets, may purchase the privilege of using them in the Worcester Trains by paying ten dollars per year, or not exceeding one dollar per month for not less than three months.

The trains, both in Winter and Summer, are very numerous, and with reasonable rates for Single and Season Tickets, offer strong inducements for gentlemen doing business in the city, to live in the country, both on the score of economy and of health and comfort.

All Season Tickets are to begin or terminate on the first day of January, April, July, or October.

No Season Ticket is transferable—nor will any be transferred by the Superintendent. No allowances made for absence.

The holder of a Season Ticket is entitled to no privilege beyond what is extended to transient passengers, but is subject to the same contingencies and regulations in all respects.

## PACKAGE TICKETS, IN PACKAGES OF FIFTY.

Each ticket passing one of four persons, all of whom must be the immediate members of the family of the purchaser, (whose names will be printed in full on the ticket,) will be sold between Boston and the Intermediate Stations, at the prices stated.

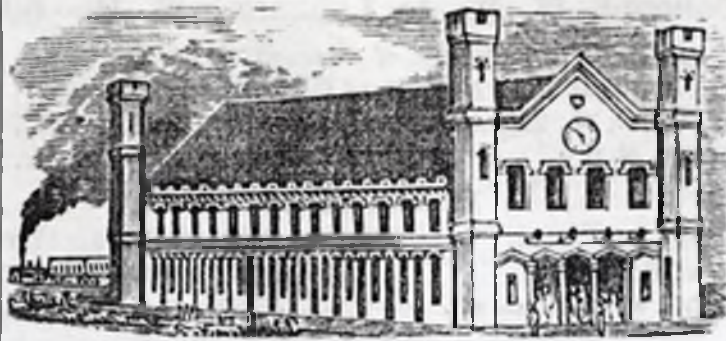

Persons wishing for the above, must sign an order therefor, which may be found at the office of the Treasurer, in Boston, the office in Salem, and at the ticket offices along the line of the road—giving the names in full of the persons using them.

No Railroad affords access to so many, so varied, and so splendid sea-side locations, or passes through so many pleasant cities, towns, and villages. Its Depots are within a mile or two of the celebrated beaches of Chelsea, Nahant, Swampscot, and Marblehead. A Branch skirts the shores of Massachusetts Bay, in the towns of Beverly, Manchester, and Gloucester, opening most magnificent views of the Ocean, leading to the most retired spots for sea-bathing, and to the most delightful walks and drives in the native forests, that can be found in New England. This shore is rapidly filling up with marine villas and cottages. Farther east, at Ipswich, Plum Island, Hampton, Rye, Bear's Head, Wells, and Saco—extensive beaches, good public houses, and healthful resorts for summer residence, afford advantages that are too well known to require description.

EDWARD S. RAND, Solicitor. Office, 30 Court Street.

THE Treasurer's report for the year ending May 1st, shows the Company to be free of debt, and its financial affairs to be in a prosperous condition. The following summary of statistics will be perused with interest:

BUSINESS.	CAPITAL.	NO. OF HANDS.	ANNUAL PRODUCT.
Manufacturing and Mechanics, .....	\$1,858,000	1,192	3,769,916
Ship Building, .....	71,000	295	851,800
Lumber, Wood, Coal, &c., .....	45,000	.....	332,000
Teaming, Trucking, &c., .....	32,000	275	140,000
Curing and packing Fish, .....	49,000	23	138,000
	<u>\$2,055,000</u>	<u>1,785</u>	<u>5,231,716</u>

The valuation of the land and other property of the East Boston Company, May 1st, 1851, was as follows:—

Lands in Sections 2, 3, 4, 5, 6, \$1,076,219.50; 518 acres Flats, south-east of sections 5 and 6, at \$50 per acre, \$25,900; Ferry property, \$50,000; Notes receivable, and cash on hand, \$60,122.02; Total, \$1,212,241.52. The above property is represented by 20,000 shares of stock.

From the census which was taken in April, 1852, by George Adams, and from other authentic sources, it appears that the population of East Boston is now 10,978, exclusive of a large number of mechanics and others, (amounting, probably, to 500 or 600,) who are employed on the island during a portion of the year, but do not permanently reside there. The number of births during the year 1850 was 408, and during the year 1851, 594—being an increase of 186, or nearly 50 per cent. The number of families on the 1st of April, 1852, was 2,165. The number of houses inhabited by one family was 649; by two families, 540; by three families, 91; by four families, 27; by five families, 6; by six families, 3; by seven families, 1; whole number of occupied dwelling houses, 1,317; total number of buildings, 1,672. These statistics do not include the other islands which are in the same ward with East Boston.

## BOSTON MUSEUM.

Erected 1845-6, costing nearly \$250,000. Covering an area of 20,000 feet. Located on Tremont Street, between Court and School Streets.

This Museum is the largest, most valuable, and best arranged in the United States. It comprises no less than SEVEN DIFFERENT MUSEUMS, to which has been added, the present year, besides the constant daily accumulation of articles, one-half of the celebrated PEALE'S PHILADELPHIA MUSEUM, swelling the already immense collection to upwards of HALF A MILLION ARTICLES, the greatest amount of objects of interest to be found together at any one place in America; and an entirely NEW HALL OF WAX STATUARY, *one hundred feet in length*, completely filled with WAX FIGURES.

In addition to the attractions, and *without extra charge*, visitors are admitted to the gorgeous Exhibition Hall, where they can witness the magnificent THEATRICAL ENTERTAINMENTS, given every evening, and Wednesday and Saturday afternoons, by a company of comedians and an orchestra of musicians, admitted to be *superior* to any ever before collected in this country, with the aid of STAGE AND SCENIC ARRANGEMENTS, the most grand and superb ever seen in either Europe or America! thus warranting the universal admission that the Boston Museum, besides being the most comfortable and genteel, is also the CHEAPEST PLACE OF AMUSEMENT IN THE WORLD.

## ARTISTS' DAGUERREOTYPE ROOMS.

SOUTHWORTH & HAWES, 5½ TREMONT ROW,

Invite the attention of those desirous of procuring Daguerreotypes, to the size and variety of their pictures, their artistic finish, the suitable arrangement of light to all faces and complexions, and its adaptation to the eye,—giving its true and pleasing expression. Having been for nearly thirteen years engaged in perfecting their knowledge of the art, they are familiar with every process, style and effect known, and have, in their rooms, specimens made five years since, superior to any shown elsewhere. In addition to their former *first premiums*, they have just been awarded

### TWO SILVER MEDALS;

and their Daguerreotypes have been pronounced superior to any exhibited at the WORLD'S FAIR, by several visitors, and by the American Commissioner.

## NEW EXHIBITION OF ART. THE STEREOSCOPE.

Beautiful as Daguerreotype has been considered, it is a thousand times more so combined with the Stereoscope. It is with great satisfaction to ourselves that we have been able to render a service to art by so far improving Stereoscopic pictures that all previously made are of no value in comparison. Our plan is new, and entirely our own, and as it has been to us a source of expense, we have, for the sake of "material aid," complied with the advice of friends, and taken measures to secure a patent. Specimens on exhibition at the Artists' Daguerreotype Rooms, and pictures, either in the new style or as usual, made for all who apply. Orders for the apparatus received, and its perfect adaptation and satisfactory results warranted.

## HISTORY OF THE BOSTON DIRECTORY.

The Boston Directory made its first appearance in 1789, a reprint of which is given on the following pages. It was published by John Norman, and contained 1,474 names. No alphabetical arrangement was observed in it, other than that of the letter commencing the name. Under the letter B there were 189 names, beginning with Bowdoin and ending with Baker. The next Directory was published by John West, in 1796, containing the names of 3,531 persons, of whom but very few are now living.

Mr. West continued the publication of this work at irregular intervals until 1805, when Edward Cotton became the proprietor, and like Mr. West, issued it only occasionally, until the year 1820. At that time, Charles Stimpson, Jr., became proprietor, and continued his connection with it until 1846, publishing it annually, with the single exception of 1824. During the first few years of his publication of the work, Mr. J. H. A. Frost was connected with him. In 1847, Mr. Stimpson disposed of his interest in the Boston Directory, to George Adams, and retired from the arduous duties of the perplexing and difficult work, after being connected with it a quarter of a century.

In 1846 a new Directory made its appearance in the present enlarged form, containing not only a General Directory, but a Directory of the various trades and professions, arranged under their appropriate headings, which has been found to be of great utility. It also contained an Almanac, and other valuable city and miscellaneous matter calculated to supply the wants and meet the approbation of the citizens. This work has been continued annually, and the publisher has endeavored to make it creditable to the increasing prosperity and enterprise of the city which it represents.

The table of figures which follows, will show the years in which the Directory has been published, with the number of names and the increase in each edition, excepting three or four, of which copies could not be readily obtained.

[The following is a *fac simile* of the title-page of the first BOSTON DIRECTORY. It contained fifty-six pages, and was probably as fair an index of the town as the present work is of the city. The book was accompanied by a map, as stated in the title. The publication office, at Oliver's Dock, was in a building standing on the westerly side of what is now called *Liberty square*.

[On the top of the succeeding page will be found the preface to the old volume, and following is a specimen of the style of the type used on the work. The title, preface and specimen, with the subsequent pages, comprise an entire copy of the original.

Our acknowledgments are due to NATHANIEL B. SHURTLEFF, M. D., through whose courtesy we were enabled to procure a copy of the first Directory. This reprint will be found valuable, as but few copies of the first edition are to be found. Probably, in 1789, the publisher had no expectation that a new edition of the work would be published sixty-three years afterwards.]

*THE Editor of the BOSTON DIRECTORY, presents his grateful respects to the Publick and flatters himself that the Work is as free from Errors as this first attempt will admit. He hath been at considerable pains, to collect the names of all Professions, Trades, &c. And if any Omissions have taken place, or any mistake in the Title or Profession of any Gentleman, he will readily correct them in the next Edition. Any hints for improving upon the present Plan, will be thankfully attended to, and the future impressions rendered of superior utility.*

**JOSEPH R. BRYANT,**

No. 30 Causeway, corner of Lancaster St., Boston.

[Extract of a letter written after the great fire in Portland, Me.]

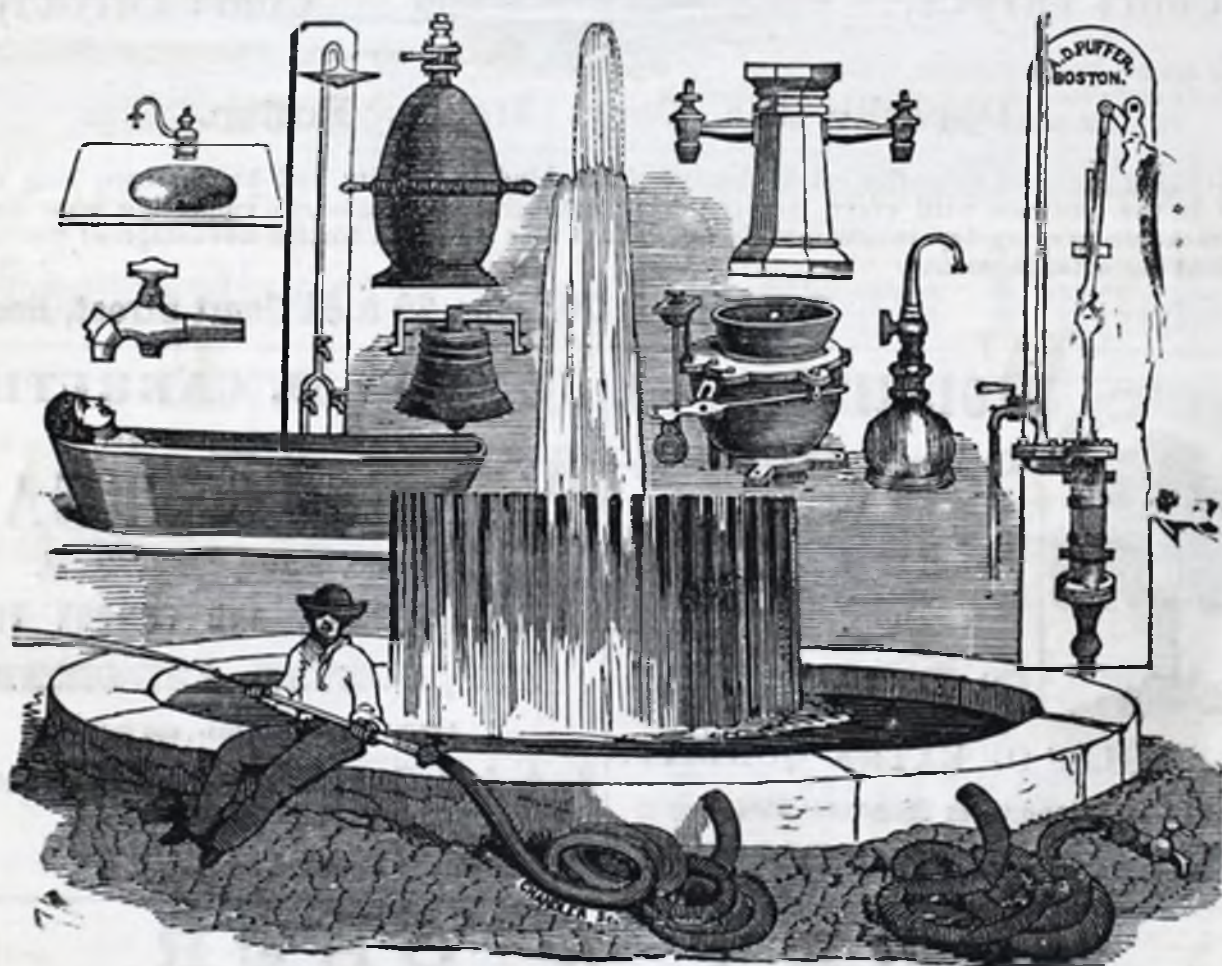

JOS. R. BRYANT,—Sir: We send you one of your safes; it has proved itself a good article, and has done better than any other Safe for the fire it stood.

We would like to exchange it for another, as we would not have any other kind of Safe. It stood the hottest of the fire; and the Safe was as red hot as it could have been had it been in a furnace, and the books were in good condition when taken out. If you wish to make use of our name in the papers, you can do so, as we are perfectly satisfied with the Safe, and do not think it can be beat. Yours, &c.,

SAM'L B. REED & CO.

The above Safe was in the fire from twenty minutes before twelve o'clock until nine o'clock next day, and the building in which it stood was entirely burned down. The Safe and some of the papers it contained at the time of the fire, may be seen at the Manufactory.

A GOOD SAFE.—The Safe of Samuel B. Reed & Co., made by Jos. R. Bryant, of Boston, Mass., was taken out of the ruins of the late fire, red hot, and the books were preserved in good condition.—*Portland Advertiser*, Nov. 5, 1851.

## RICE & LOMBARD'S Air-Warming and Ventilating Furnace!

This is the name of a Furnace constructed on an entire new principle, for the purpose of warming dwelling houses, public buildings, halls, hospitals, etc. etc. It differs essentially from other Furnaces, by having an immense radiating surface, and a *creative draft*. In the construction of this warming apparatus, our object has been to *meet the wants* of the public, and to offer an article combining the two advantages of distributing a great volume of warmed air, by the combustion of the smallest possible amount of fuel. To accomplish this, the heat is applied to all parts of the furnace alike, thus making it *totally impossible* for the air which passes into the air-chamber to come in contact with any red-hot surface. By the peculiar arrangement of the flues, and the manner of introducing the supply of air to assist the combustion of the fuel, this furnace is equally ADAPTED TO THE USE OF ANTHRACITE OR BITUMINOUS COAL, as it consumes the smoke and gas which in other furnaces escapes into the chimney, and is wasted. This furnace is constructed on scientific principles, and by having a *creative draft*, and the merit of consuming the smoke and gas, as before mentioned, it can be easily managed in the most ordinary chimney, without being a continual source of annoyance by the escape of gas into the rooms warmed. All gentlemen interested in the PRACTICAL UTILITY of an article of this kind, are most respectfully invited to call and examine for themselves, and be convinced that the enormous waste of fuel can be economised, and be a double source of profit to the master and pleasure to the servant.

Sold, Wholesale & Retail, at Rice & Lombard's Manufactory, 12 & 13 Lewis St., opposite the Sugar Refinery, E. Boston, and by J. M. READ, 31 Union St., Boston.

We would direct attention to the above named Air-Warming and Ventilating Furnace. The heat is applied to all parts of the furnace alike, thus making it *totally impossible* for the air which passes into the air-chamber to come into contact with any red hot surface. The heat passes out at the top of the fire box, into a circular pipe around the top of the furnace; thence down eight perpendicular tubes into a corresponding pipe below; from which it passes into a flue surrounding the fire box, and into a pipe leading to the chimney. Another commendable feature of this new furnace is the *creative draft*. The amount of coal required for a day's consumption is about the same as is required to start a fire in ordinary furnaces. There are other improvements in the construction of this furnace, of the value of which no adequate conception can be given by a simple description. We advise all persons in want of a furnace for their dwellings, and especially all persons on committees for warming churches or other public buildings, to call and inspect this new furnace.—*Even. Journal*.

# MAYNARD & NOYES'

## BLACK WRITING INK,

### FOR METALLIC OR QUILL PENS.

The manufacture of this Ink was established in 1816, and the quality has now been tested by the public for THIRTY-FIVE YEARS. During this time it has been constantly increasing in public favor and patronage, and is now the leading article in the country. Those who may be ignorant of its superiority and reputation, are invited to read the following testimonials, and to make trial of it themselves. When the best judges, after using it twenty and more years, express themselves in one manner concerning its superior excellence, it is quite evident that no one need be troubled with bad Ink.

Bank of State of North Carolina, Raleigh, March 4, 1847.

Messrs. MAYNARD & NOYES: Gentlemen,—Your Writing Ink has been in almost constant use by the officers of this banking house for the last fifteen years and has always been preferred to any other brand. *It flows freely from the pen, and does not mould; and the color, though sometimes pale when first opened, becomes a beautiful permanent black.* I have been a regular consumer of it myself during this time, excepting when curiosity has led me to make trial of other kinds, and take pleasure in being able to speak so favorably of it, and trust that my opinion, founded on such long experience, will induce many who may not be so well acquainted with its merits to give it a trial.

Yours, respectfully, C. DEWEY, Cashier.

Messrs. MAYNARD & NOYES: Gentlemen,—We are happy in being able to say, that we entirely concur in the opinion expressed above of your Writing Ink, by Mr. Dewey, the Cashier of this Institution.

Respectfully yours, DUNN CAMERON, Pres.  
S. W. WHITING, Teller,  
D. DUPRE, Bookkeeper.

Boston, January 10, 1848

Messrs. MAYNARD & NOYES: Gentlemen,—It is now, I believe, more than twenty years since the School Committee passed an order for using your Black Writing Ink in the City Schools. I have used it during that period, and deem it a *first rate article*, and cheerfully recommended it to others. *It flows freely from the pen, and increases in blackness after being committed to paper, and the color is durable.* I know of no Ink equal to yours, and I have tried many kinds, both English and American.

P. MACKINTOSH, JR.  
Principal of Writing Dep. Hancock School.

Office of Merchants' Ins. Co., Boston, Nov. 18, 1847.

Messrs. MAYNARD & NOYES: Gentlemen,—I have used your Writing Ink for the last sixteen years. In 1840, I gave you a certificate of its excellence, and having continued its use ever since, to my entire satisfaction, my opinion is confirmed in its superiority. *It flows freely from the pen, and is, in all respects, the best Ink I have ever used.*

GEORGE HOMER, Secretary.

Registry of Deeds, Boston, Nov. 20, 1847.

Messrs. MAYNARD & NOYES: I have made use of your Writing Ink for the Recording of Deeds, &c., the

past twenty-five years, and having found it to suit my wishes and purposes entirely; take pleasure in renewing my testimonial of its superiority. From the appearance of the records in my office, I am satisfied it is superior to any I have used, and consider it particularly adapted for all purposes where *permanency of color is requisite or desirable.* *It flows well from the pen, and does not mould; and my oldest records prove its color to be unalterably black.*

HENRY ALLINE, Register of Deeds.

Boston Post Office, Dec. 4, 1851

Messrs. MAYNARD & NOYES: Gentlemen,—In 1843 I certified to the superior quality of your Writing Ink. I have continued to use it ever since that time, and take pleasure in expressing as I then did my entire satisfaction with it. It has now been used in this office more than twenty years. Other Inks have during that time been tested, but yours has been in every instance preferred. For *fluidity, blackness, and permanency, none has been found equal to it.*

GEORGE WM. GORDON, Postmaster.

Boardman School, Boston, Dec. 10, 1851.

Messrs. MAYNARD & NOYES: I have used your Ink in the Writing Department of this School during the last twenty-four years, and feel pleased in being able to express the same favorable opinion of it that I did ten years ago. *It flows freely from the pen, its color is brilliant and permanent, and it combines all the necessary and desirable qualities of good ink.* It has given me such entire satisfaction for so many years, that I can strongly recommend it to all of my profession, who so much need a first rate article of writing liquid.

JAS. ROBINSON, Writing Master.

Boston, Dec. 2, 1851.

Messrs. MAYNARD & NOYES: I am pleased in being able to say that longer experience in the use of your Ink, and the occasional trial of other kinds, has confirmed the good opinion I some years since expressed concerning it. I have used it in my weekly preparations for the pulpit twenty-one years, and have found it suit my wishes *entirely.* Its peculiar excellence is that it becomes *black* by age, at the same time it *flows easily* from the pen, and is sufficiently dark to make what is written easily to be read *immediately* after it has been committed to paper.

Yours respectfully,

G. W. BLAGDEN, Pastor Old South Ch.
